

Earth Class News

We have had a fun week, we learned all about Harvest - where our food comes from and talked about being grateful for our food. We investigated different vegetables and then learned how to peel them safely. We made our vegetables into soup, it had mixed reviews! We also made a farm shop in our role play shed.

In maths we have been learning about making patterns. **Homework: send me a picture of a pattern you have made, e.g. pen, pencil, pen, pencil, pen.**

In phonics this week we have learned p,i,n.

Last weeks sounds, s,a,t.

Now we know all these sounds your child could have a go at reading or writing some words such as, tap, pat, pin, sat, sit, tip.
