

Earth Class News

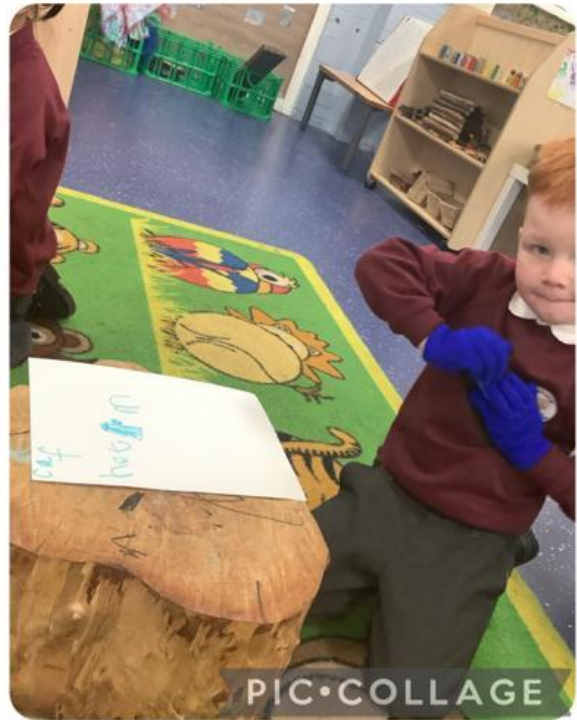

We have had another super busy and fun week. We borrowed some very old teddy bears from the museum, we talked about how different they are to our teddy bears.

We had a teddy bears picnic with the teddy bears we brought in from home. We prepared sandwiches and enjoyed wrote our teddy bears an invitation. We made our own teddy bears using split pins.

As well as our planned activities we always follow the children's interests in play. This week the children wanted to make a camp with a café and a campfire; we made a menu for a café and roasted 'marshmallows.'

The sounds we have learned this week are ll, ss, ff. We noticed these sounds come at the end of words.

Have a lovely weekend!
