

## Earth Class News

We have settled back into school after our week off. We have been reading Jack and the Beanstalk, we found giant footsteps and tried to guess who had been in our class! We thought it might have been Mrs Conway but the prints were too big, we decided it must have been the giant! We also made our own magic bean shakers.

We have been enjoying making models from all the lovely recycling everyone brought in, please continue to bring any recycling especially interesting boxes.

We learned the 'igh' sound in phonics.

In maths we are learning to add two groups together.
